“

“Wouldn't usually go to XXXXXXXX museum as it's not been family friendly when I've been previously - I'll definitely go back now there is stuff for children. It's a relief that children can make noise, play and enjoy themselves.”

“

“After the last few months we've had, it was great to see 'C' happy and enjoying herself, whilst I could have a break”

- **Parent**

“This is the first time I've tried skateboarding, I didn't think I could do it, but I got on the board!”

- **Young Person**

“The standout moment for me was the pure excitement and joy of a mother when I discussed the trips I was planning. As a low income, single parent who don't have access to a car, the trips may not have been something they could have experienced as a family. It was just wonderful being able to provide these experiences and create memories.”

- **Setting leader**

“The support for Ukrainian families this summer has been really fantastic, and it has given my children a fantastic summer”
